Education

University of South Carolina - Columbia
Columbia, SC   May 2028
Bachelors of Engineering and Computing in Computer Science
GPA: 3.5

Relevant Experience

October 2023- February 2024
- Volunteered at HackAthon
  - Helped Plan and Volunteered at a Hackathon while answering questions and guiding people through problem solving.

August 2023- May 2024
- Created Website for School Movie Fair
  - Worked in a group to create a website for a school movie fair. We utilized HTML, Java, and CSS to create the website. I also practice my ability to work in groups and collaborating through GitHub.

Additional Experience

Capriotti's Sandwich Shop, Lincoln University, PA
Sandwich Artist, August 2021-May 2022
- Made Sandwiches, Operated Register, and Handled Cooking and Cleaning. I gained an ability to work in customer service, and fostered my ability to work in a group setting.

Casa Italia, Lincoln University, PA
Delivery Driver, December 2023 - July 2024
- Delivered Pizzas, Folded Boxes, and Cleaned Dishes. I worked in a restaurant environment that cultivated teamwork. I also had the responsibility of training some new employees, where I could showcase leadership skills.

Skills
